Dr. Chester maintains a diverse practice in aesthetic plastic surgery for children and adults as well as general reconstructive plastic surgery. She has extensive experience in many areas of plastic surgery including those listed below:

Caroline H. Chester, M.D., FACS, FAAP is a plastic surgeon specializing in aesthetic and reconstructive surgery for adults and children. Dr. Chester is a native Tennessean, who grew up in Chattanooga and is currently in private practice in Nashville.

Dr. Chester has an undergraduate degree from Vanderbilt University and received her M.D. from the University of Tennessee Medical School in Memphis. She completed general surgery training at Harvard's Beth Israel Hospital in Boston, MA., completed plastic surgery training at Harvard's Brigham and Women's Hospital, Boston, MA. She then completed a fellowship in Pediatric Plastic Surgery at The Hospital for Sick Children in Toronto, Ontario, Canada.

Prior to opening her private practice, Dr. Chester served 10 years in practice on the academic faculty at George Washington University, as well as a full-time plastic surgeon at The Children's Hospital in Washington, D.C. She established her practice in Nashville in 2002.

In 1999, Dr. Chester was awarded the distinction: "Top Doctors in the Washington, D.C. area for Plastic Surgery" (Washington Magazine.) She also topped the "Who's Who" in her respective field in 2001. Dr. Chester has published many articles in established medical journals and is a recognized expert in Plastic Surgery for both children and adults.

The Consumer's Research Council named Dr. Chester one of America's Top Surgeons in 2002, 2003, 2004 and 2005.
